PRODUCT INFORMATION SHEET

PRODUCT: MagiKLEEN OVEN, GRILL & BBQ PLATE CLEANER

Formulated to provide a safe and easy to use solution in the removal of burnt on carbon, gummy and greasy deposits from oven, grill and BBQ plates.

ADVANTAGES:

SAFE TO USE: New generation-Non Caustic formula- a breakthrough in workplace safety.
Safe to use on aluminium, alloy, cast iron, stainless and baked enamel surfaces.

ENVIRONMENTALLY GENTLE : this product contains no caustic, ammoniated compounds or petroleum solvents. All surfactants and surface activators are based on natural and renewable resources and readily biodegradable.

EASY AND EFFICIENT:

- Ready to use liquid concentrate.
- Modern wetting agents ensure fast penetration and easy thorough rinsing.
- No scrubbing or scraping- carbon and grease just rinse away.
- Cleaning hot plates, grillers and ovens has never been easier.

CLEANING WITHOUT CRUELTY: This product contains no animal soaps or any by products of any ingredient that has required animal testing.

DIRECTIONS FOR USE:

BBQ : If possible remove warm plates and place in container or sink, spray onto plate surface and allow to penetrate for several minutes. A gentle agitation with brush and then rinse with warm water.

Where removal of plates is inconvenient the plate should be warmed, then spray product on plates and allow to dwell for a short time until soils are loosened. The residue should be scraped and plates rinsed thoroughly.

OVENS & GRILLERS :

- Spray into warm oven or griller.
- Close door and allow to penetrate for 15 minutes.
- Wipe clean with damp cloth.
- For heavy contamination this process may be repeated or light agitation with a non scratch scouring pad may be required.
